A Note From Bill!

From my view, it's time to vote and pray for our leaders. It seems to me it's hard to tell who's telling the truth and who will be able to help our nation to progress.
Please Pray, Pray, Pray.

Sapp Bros. - Omaha, NE

45th Year Celebrations

June will mark the 45th year since Sapp Bros. opened the doors at their very first travel center located in Omaha, NE, and the location is still in operation today. The now iconic coffee pot water tower found there was first erected at the site to help serve the local water needs and has gone on to represent Sapp Bros. across the Midwest and beyond at its 15 other travel centers locations.

Year Long Specials

Several specials and door prizes will be available the day of the event, including the "Sapp Bros. Value Added Cap," available for purchase and entitles the owner to specials and prizes at all Sapp Bros. Travel Center locations and Sapp Bros. Petroleum locations.

Sapp Bros. is excited to celebrate this milestone with the many valued customers, partners, and friends made over the years. If you can't join on June 8th, please visit www.sappbros.net/45-years to learn more about the 45-year history of Sapp Bros., this event, and more details about our special offers.

Iconic Coffee Pot Water Tower Erected
The coffeepot logo, which is recognized nationwide, was acquired as a simple water tower in 1971 to supply the needs of the businesses that were located to the west of the Omaha metropolitan area on Highway 50 and not accessible to the conveniences of city water and sewer. A short time later, the coffeepot handle and pour spout were added to the refurbished water tower and the landmark became known to Omaha residents and I-80 travelers alike.

The Sapp Bros. Plaza 1971

Sapp Bros opened the doors to our first travel center on June 7, 1971 in Omaha, Nebraska. Since then, Sapp Bros. has been identified with the coffeepot symbol, which invites all to stop at our locations and "Welcome, Be Our Guest". Since that time we have opened an additional 15 locations.
